

27th April 2020

Dear Parents and Carers

It is now the fourth week of term-time school closure for the overwhelming majority of children. As the weeks are progressing, I wanted you to know how much we are all missing the pupils. The positive messages, pictures and videos that we have been receiving raise our spirits immensely. Your children mean the world to us and we can't wait to see them all.

Please continue to look at the home learning pages and if you or your child has any concerns or questions about their learning, please contact the class teacher through the class e-mail. In addition to the class pages, the golden ticket, TT-Rockstars and secret reader pages are active throughout the week.

To further connect with our school community and raise positivity during the school closure, we have launched an Instagram, twitter and facebook account – please search for Gade Valley Primary School on any of these platforms.

We hope that your children are enjoying the daily briefings – just a reminder that these will be posted on the website every day between 4-5pm and will include key messages and news from our staff.

Finally, we hope to share our latest school video this week. I was especially impressed with the response – over 140 pupils contributed!

Take Care and stay safe,
Daniel Barron
