

Settlements

WALT identify the needs of early settlers and suggest why settlements were chosen

What is a Settlement?

A village, town
or city.

A place where
people live.

A place people travel to
for work, shopping and
leisure facilities.

Which one do you think is the best meaning?

Can you add any more detail to your chosen answer?

What Did Settlers Need?

Sort your cards into three piles:

Things settlers would need to have.

Things settlers would like to have.

Things settlers would not need.

What Did Settlers Need?

How did you sort your cards?
Did you agree on where to put each need?

Things settlers would need to have.

shelter, water, food,
raw materials

Things settlers would like to have.

transport links, healthcare

Things settlers would not need.

entertainment, friends, shops

Why Did Settlers Choose This Site?

Look carefully at the settlement picture you have been given.

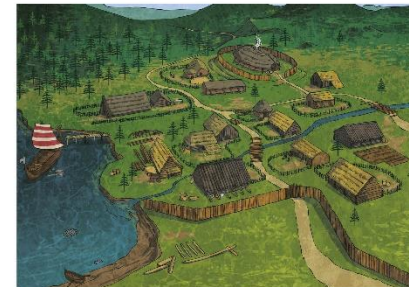

Why do you think the settlers chose this site?

Which needs have been met?

What resources have the settlers used to create their settlement?

Settlement Sites

Label where the settlers found the resources they needed to survive.

Which parts of the landscape provide shelter from weather or invading armies?

What materials have the settlers used to make their buildings? Where do you think these came from?

What Did You Decide?
