

Hello, my name is Buddy and I've chosen to spend the first 10 days of December with the children of Gade Valley. I've brought some elf friends along with me and I know they're going to have lots of fun in their chosen classroom.

We have set a task for the children to complete. They have to bring in as many silver coins, however big or small, to fill the special bottle that's on their teacher's desk. The class who has the most coins on 10th December will win a voucher to buy something new for their classroom.

I can't wait to meet the children and see what fun they have at Gade Valley.
