

Perform these using a written method.

1  $673 - 456 = \square$

3  $428 - 265 = \square$

2  $483 - 267 = \square$

4  $857 - 762 = \square$

Perform these using Frog to count up.

5  $807 - 764 = \square$

7  $410 - 367 = \square$

6  $702 - 683 = \square$

8  $908 - 859 = \square$

Answer these using place-value subtraction or by taking away (counting back).

9  $526 - 302 = \square$

11  $578 - 312 = \square$

10  $689 - 201 = \square$

12  $867 - 605 = \square$

Choose an appropriate method to answer these subtractions.

13  $795 - 311 = \square$

15  $759 - 204 = \square$

14  $567 - 472 = \square$

16  $803 - 767 = \square$

Look at the numbers in the subtractions on this page and say what you notice about Frog numbers and what you notice about column subtraction numbers.

Look at the 10s and 1s digits.
