

Adding 2-place decimals

What would the total cost be if you bought the shoes in boxes:

- 1 e and f?
- 2 d and h?
- 3 b and d?
- 4 c and f?
- 5 d and g?
- 6 a and e?
- 7 g and h?
- 8 b and c?

THINK

You have decided to buy this pair of shoes and the bag, and you want to buy the scarf. You have $\text{£}30$. Can you buy the scarf?
