Helga Van Schwarzenbrow is a strong, fierce-looking woman. She has blond hair that frames her sharp angular face and her eyes are black as a shark's. Helga is a well skilled bank robber, who has stolen more than a million pounds from banks all over the world.

She has a secret hideout in the middle of a deep dense forest far away from any other people. Her old wooden hut has cracked windows, creaky doors and a massive padlock that makes it impossible to get into, unless you are Helga. Immense trees surround the cabin like soldiers protecting the building.

The inside is just one large room that consists of a single bed, a tatty arm chair and a silver, metal safe. Although it didn't look like much, this is Helga's home and it kept her safe.
